NEW PATIENT BILLING POLICY

For New Patients, we do request a credit card to be securely kept on file. All claims will be submitted to the insurance company, and once write-offs are taken, you will be sent an invoice for your patient responsibility. Please note that we will automatically charge the credit card listed below if invoices are not paid after they have reached 60+ days on the statement balance. Please call our office once you receive an invoice if you would like to pay by a different credit card. Thank you.
